

# TCGC Legislator Voting Record Guide 2024

## Be Informed

Get to know your legislators! Review the key bills and resolutions from the 2024 Tennessee legislative session and see how your state senator and representative voted.

Don't know who they are? Use the [Find your legislator](#) tool on the General Assembly website.

## Take Action

### Speak with confidence

Many Tennessee legislators will be on the campaign trail and asking for your vote. With their voting record in hand, you can thank them for their good votes and educate them about the bad ones.

### Vote your values

Many Tennessee senate and house districts are scheduled for primary elections on August 1 and general elections on November 5. Your vote can be guided by the only thing that counts – how **they** voted.

### Help good candidates

It's up to us to ensure our legislators stand up for faith, family, and freedom. Show your appreciation by volunteering for a campaign, donating, or both!

### Replace bad legislators

Senators and representatives can sound great when running **and** have the worst voting records. If your situation is not fixable, support or find a challenger. That challenger could be you!
